

Monday (3.06.2019)

- **9⁰⁰–12³⁰ SCHOLARSHIPS PAYMENT** (Rectorate, Politechnika Koszalińska, Śniadeckich street 2, Koszalin)
- **12³⁰–13⁰⁰** transfer to the Faculty of Mechanical Engineering (Raławicka street 15-17, Koszalin, room 212)
- **13¹⁵** Workshop Opening (Rector's and Dean's Statements)
- **13³⁰** Brygida Gasztold, American Vehicles and their Native Names.
- **14⁴⁵** Izabela Dixon, "Put the pedal to the metal": Cars in Advertising
- **15⁰⁰** Zbigniew Danielewicz: How do the humanities supplement the scientific paradigm of knowledge?
- **15³⁰** My Experience with CEEPUS and Erasmus+ programs

17⁰⁰ WELCOME PARTY

(Bowling & Billiard with pizza in KOSMOS CLUB (Stefana Okrzei street 3))

Tuesday (4.06.2019) - room 212 A

(consultations and small seminars as well as laboratory works will be in different rooms)

- **9⁰⁰** Ivona Sobotková, *Basics of CEEPUS Program in practical use*
- **9³⁰** M. Miszczak, *Non-stoichiometry and diffusion in (Co,Cr,Fe,Mn,Ni)₃O₄ high entropy oxide*
- **10⁰⁰** Anna Górska, *Metformin determination using voltammetry and flow injection analysis on CB-RuO₂ GC electrode*
- **10³⁰** Radosław Porada, *Simultaneous determination of thiamine and niacin using derived dp voltammograms*
- **11⁰⁰** Justyna Lipińska, *Voltammetric method for the determination of methotrexate*
- **11³⁰** Nikola Lenar, *pH-selective potentiometric sensor based on ceramic nanoparticles*
- **12⁰⁰** Witold Gulbiński: *Development of new self-assembled structure obtained by PVD method*
- **12³⁰** Wojciech Nowak, *The role of surface preparation method on the oxidation behavior of Fe-based alloy*

Lunch break

- **14³⁰** Szymon Wójcik, *Wine profiling using a voltammetric electronic tongue*
- **15⁰⁰** Radosław Porada, *Simultaneous determination of thiamine and niacin using derived DP voltammograms*
- **15³⁰** Łukasz Mazur, *Improving the oxidation resistance of Fe-16Cr ferritic steel to be applied in metallic interconnects for solid oxide electrolytic cells*

POSTER SESSION & CONSULTATIONS WITH COMPANIES

Pneumatic shooting range (Franciszkańska street 24)
Event held together with International Conference CECM 2019.

Wednesday (5.06.2019) - room 212 A

(consultations and small seminars as well as laboratory works will be in different rooms)

- **9⁰⁰** Juraj Maga, *Possibilities of energy utilization of biochar*
- **9³⁰** Zdeněk Tůma, *Verification of HTC VIVE deployment capabilities for ergonomic evaluations in virtual reality environments*
- **10⁰⁰** Ondrej Takáč, *Navigation of mobile robots on optical principles*
- **10³⁰** István Gubo, *Heritage recording and 3d modeling with 3d scanning and photogrammetry*
- **11:00** Marta Stachnik, *Rheological properties of congress hot trub*
- **11:30** Adam Ruszaj, *Bionic inspirations in surface layer properties creation*
- **12:00** Kornel Pietrzak, *New porous PEO coatings enriched with calcium, magnesium and zinc*
- **12³⁰** Krzysztof Rokosz, *Development of porous coatings obtained by DC and AC PEO methods*

17⁰⁰ GALA DINNER

(Restaurant at Raławicka street 15-17, Faculty of Mechanical Engineering, Koszalin University of Technology)

Thursday (6.06.2019) – meeting 10⁰⁰ - room 212 A

GEORGIAN DAY (Erasmus+ KA 107)

Consultation time with experts

Short Lab Excursions

Laboratory Works

Friday (7.06.2019) – meeting 10⁰⁰ - room 212 A

(consultations and small seminars as well as laboratory works will be in different rooms)

17⁰⁰ Rector's Barbecue Evening
(Raławicka street 15-17)
